

FRIENDS OF WALDINGFIELD

Friends of Waldingfield is a local group of concerned citizens who believe a corporate headquarters/retreat facility has no place at the very heart of this beautiful and historic pastoral residential neighborhood and country lane. We are organized both to oppose the development of 55 Waldingfield for corporate purposes and to offer an alternative that is in keeping with the character of the neighborhood.

Over 140 strong (and growing quickly) our immediate goal is halting the threat of corporate development on this town-designated Scenic Road abutting Appleton Farms. We have retained Foley Hoag LLP to represent and defend our point of view before the Ipswich Planning Board, where an application proposing such a project is seeking approval as soon as January.

Please know that in addition to the Friends, there is a smaller group of neighbors who have now secured funds commensurate with the current fair market value of 55 Waldingfield, and who are committed to purchasing it (should it become available) for the purpose of preserving it much as it is — if not better — for future generations.

Letters our group has submitted thus far to the Ipswich Planning Board:
