Jack Whittier sent me a copy of your letter spelling out the issues with the Ora project considered by the Ipswich Planning Board. As a Hamilton resident, I accept I have no standing regarding a matter before your Planning Board, but this is a neighborhood issue of great importance. I have lived just down Highland Street in Hamilton for much of my life. Here is a matter which has been subjected to protracted review by the Planning Board and still you have identified 21 issues which remain unresolved. Thank you very much for the excellent work you have done as spelled out in this letter. Furthermore, I see that the PS has been rendered opaque by extensive redactions. Many of your colleagues must have questions as well. There has been a lack of transparency throughout and constant design changes complicating the work of the Planning Board. This property is unique and should not be put at risk by the Planning Board being pressured for a rush to closure without determining Ora's full intentions.
