Thank you Marc and Carol. I will share with the Board members.

Sincerely, Ethan

Subject: As a citizen of Ipswich I support ORA

Hello,

I have been following the Planning Board meetings on the ORA proposal for the property on Waldingfield.

I and my wife fully support the ORA proposal and hope the Planning Board's decision will allow ORA to move forward.

We have been residents of Ipswich since 1979 and have seen Ipswich change during those years through development within the town, both good and bad.

We feel that ORA occupying the Waldingfield property will be a plus for our town. We also object to members of the Hamilton community within Friends of Waldingfield telling ipswich residents what is best for us, sometimes misrepresenting the truth to justify their goals.

I hope the Ipswich Planning Board will make its decision based on what is best for the citizens of Ipswich and based on the Planning Board's charter; not on the external noise the Friends of Waldingfield bring to the Planning Board meetings.

Thanks You

Marc Silverman
