Subject: 55 Waldingfield Road Decision

To the Ipswich Planning Board -

My name is Dale Eddy and I have been a resident of Ipswich for over 10 years. I have walked, run, ridden horses, and biked on Waldingfield Road all 10 of those years and have enjoyed the peaceful ambiance and agrarian feel of the road and surrounding residences. I think that to approve the Ora project located at 55 Waldingfield would be doing a disservice to the surrounding community. In watching many of the previous public hearings, it seems that the hearings have been very one sided (towards Ora) which often leaves the actual residents of Ipswich and Hamilton without an opportunity to speak about their comments and concerns over the project.

I am writing to ask that the Planning Board fully consider the negative impact that this project will have on the Ipswich community, and Waldingfield Road in particular, and vote not to approve the Ora project.

Best,
Dale Eddy
