Subject: 55 Waldingfield: Please Vote NO on Ora

Dear Planning Board,

As an Ipswich resident who understands the importance of retaining the unique character of our town, and ensuring open spaces for future generations (as evidenced by the over 80 acres of Ipswich land that I've placed in conversation), I passionately implore you to vote NO to Ora's special permit application. I have learned the hard way that once something is gone, it is gone forever. Please don't seal that fate for Waldingfield.

With respect,

Arabella Plum
